Dedication

We the senior class of Palmersville High School dedicate the 1976 Echo to our sponsor and friend, Mr. A. B. Austin. He, as well as others, has helped us achieve our goals and will always hold a warm place in our hearts.

Administration

"Ours is the only country deliberately
founded on a good idea."

John Gunther

Seniors of 76, change is the most certain thing ahead of you. Talent is an inborn gift. What should be stressed here is developed ability. Knowledge and ability will recreate the world for good or bad. God being our helper, may it be for good.

Carl J. McDaniel - Principal

Ruth Atkins - School Secretary

Steve Bowlin, Frank Olds, Martha Todd, Basil Griffith, Stanford McClain, James Rawls

Riley Rainbolt; Mason Copeland

- I, Steve Courter, will to Tina a big spider and a box of roaches.
- I, Beverly Scott, being of sound body and unstable mind will to my brothers the ability to sit in Mrs. Mary Nell's and Mr. Buran's classes without getting bored. Keep up the good spirit, boys!
- I, Susie Workman, will to Bethany Smith my ability to keep cool under an air conditioner.
- I, Ronald Perkins, will to the Palmersville F.F.A. chapter my livestock judging ability.
- I, Julie Brann, will to the senior cheerleaders and lone basketball player of 1977: to Gayle I will my height, great jumping ability, and famous hook shot; to Pat I will my loud mouth and my love for out of the way places; to René I will my big smile; to Tina I will my ability to back down the drive without going off in the ditch; to Cheryl I will my 7-inch clogs; and to Cori I will my great acrobatic ability.
- I, Carol Bruce, being of sound mind and short body, will to Cheryl Allen my great ability to be on the receiving end of all the short jokes. Hang in there - maybe we'll grow up some day!
- I, Jerry King, do bequeath the following to Kenny Quinton his sister's baby; to Timmy Puckett my great intellect; to Susan Copeland my ability to work fractions and other algebraic problems, and to Ricky Hansen a packet of watermelon seeds.
- I, Sherry Glisson, will to Ann Marie Bynum one pair of worn out ball shoes, a pair of shorts that never stayed fastened, and my ability to always have a needle and thread in case of a rip-out.
- I, Mark McAlpin, will to Jeff Brann and Hal Bynum my ability to drop at least three or more drinks while filling up the Coke machine.
- I, Dwayne Griffith, will to Sheila Beth Gatewood an empty locker, three years of high school, and an empty science room . . . (Just keep it that way.)(Ha! Ha!)
- I, Joyce Laws, being of sound mind and body, will to Cheryl Allen my height and my ability to have my history notebook on time.

It has been a pleasure to have been your sponsor your senior year. I hope the things I have said and done before you have and will help you in making the proper decisions in setting your goals in life.

You have been a fine class to work with and I hope that your years at Palmersville have been pleasant and will be profitable as you climb the ladder of success.

I'll always remember you as a fine group of students.

As ever

A friend and sponsor

We, the senior class of "1976" would like to express our sincere gratitude to our parents and teachers for their understanding, patience, and co-operation. Without their guidance the dream of graduation would not be feasible. We sincerely hope that the example we have set before the undergraduates will someday help them obtain this goal. We hope that we will always look at our future with pride and humility and by doing so help make possible a better America for all.

"The Original Refresher Course."

History.

When man needed transportation,
he invented the wheel. When man
needed water, he discovered fire.
And when man needed real refreshment
he invented the real thing: Coca-Cola.

English.

Coca-Cola (Koka-Kola)
Coke (Koke): trademarks which
identify the same dark-colored,
delicious, carbonated
soft drink.
This unique tasting
soft drink gives
real refreshment,
pleasure, fun,
quenches thirst, it's the real thing.

The Coca-Cola bottle

Math.

Man X is working in the sun
where it is 97°
Man Y is working in the
shade where it is 92°
Both X and Y then have
a bottle of Coca-Cola,
(ideally served at 34°).
Construct an equation:

$$X + Y + \text{refreshing Coca-Cola} \\ = X + Y - \text{thirst.}$$

Poetry.

It's the real thing.
In the back of your
mind,
What you're trying to
find,
Is the real thing.

It's the real thing.
That's the way it
should be.
What the world was
to see,
Is the real thing.

It's the real thing.
